I am a Data Science and Technology student at Universitas Airlangga, class of 2023, with a strong enthusiasm for continuously developing my potential through organizational and collaborative activities within the academic environment. Participation in student committees and program initiatives has become a valuable platform for me to learn, contribute, and build productive networks. My ability to work collaboratively, creatively, and adaptively has been tested and proven through various team-based experiences. I am highly enthusiastic about fulfilling responsibilities and making meaningful contributions. Through my academic background, I actively explore data science with an interdisciplinary approach that includes statistical analysis, programming, and contextual understanding for data-driven decision-making. This skill set allows me to contribute to team efforts both technically and strategically. I uphold integrity, welcome constructive feedback, and am committed to continuously evaluating and improving myself. I believe that responsibility and professionalism are key to building a solid and impactful working environment.

Skills

Hard Skills : Microsoft Word, Microsoft PowerPoint, Microsoft Excel, Python, R Studio, Jupyter Notebook, VSCode, Canva.

Soft Skills : Adaptable, Collaborative, Creative, Financial Management, Problem Solving, Multitasking, Time Management.

Academic History

Science |SMAN 1 Cikarang Pusat – Cikarang

- Appointed as the class treasurer **2020-2021**

Science| SMAN 2 Madiun – Madiun

2021-2023

- Graduated with a GPA of 88.98
- Participated in the Poster Competition at the Faculty of Medicine, Universitas Airlangga and Universitas Diponegoro

Data Science Technology| Airlangga University – Surabaya

2023-now

- Participated in AMERTA UNAIR 2023
- Participated in KARSA FTMM 2023
- Participated in BINARY 3.0 DATA SCIENCE TECHNOLOGY 2023
- Participated in the Integrated Regeneration Internship of the Data Science Technology Student Association 2023
- Participated as Staff of the Data Science Technology Student Association Organization 2023
- Participated as Treasurer Staff of the Executive Student Cabinet of Universitas Airlangga 2024
- Participated as Daily Executive Board of the Data Science Technology Student Association 2024

Experience in Organizations and Committees

Data Science Technology Student Association

2023

Interned at the Data Science Technology Student Association as a treasurer. As the internship treasurer of the association, I was responsible for screening the financial management of the RKAT budget, Non-RKAT budget, Faculty SPBD, and Association SPBD, which served as the financial basis for the programs run by the Departments of Research and Scientific Affairs, External and Community Relations, and Social and Community Service. Additionally, I prepared and managed budgets for each department's program needs.

Data Science Technology Student Association

2023

In the Data Science Technology Student Association, I served as a staff member in the Interest and Talent Development Department. This department focuses on developing the interests and talents of Data Science Technology students. As a member of the Talent Escalation Division, I was responsible for organizing and executing the Graduation Parade program for senior students who had completed their studies.

Class Bonding Data Science Technology

2023

As the treasurer for the class bonding event (Makrab), I was responsible for managing the budget in a structured manner and reporting budget usage transparently and effectively. In addition, I regularly communicated budget management updates to provide clear and accurate financial information to my fellow classmates.

Badan Eksekutif Mahasiswa Universitas Airlangga

2024

In the Student Executive Board of Universitas Airlangga, I served as a member of the Daily Executive Board in the position of Treasurer. As Treasurer, I focused on managing the ministry's budget, including budget planning, implementation, and financial reporting. My main responsibilities included drafting RKAT and Non-RKAT budgets, disbursing funds, and ensuring transparency in every financial transaction. Additionally, I was responsible for preparing accountability financial reports and making necessary decisions to support effective financial management.

PKKMB Data Science Technology

2024

In the freshman orientation committee of the Data Science Technology department, I served as Treasurer. In this role, I was responsible for managing the planning of RKAT and Non-RKAT budget allocations provided by the Faculty, preparing budget realization reports, and compiling financial accountability reports.

Spontan Committee

2024

In the Spontan Committee, I served as a member of the Daily Executive Board in the position of Treasurer. I focused on managing the budget for the Spontan program, including drafting the budget plan, implementing the budget, and preparing financial accountability reports.

Data Science Technology Student Association

2025

In the Data Science Technology Student Association, I was entrusted with the role of Daily Executive Board member, specifically serving as Treasurer. As the association's treasurer, I was responsible for managing departmental budgets, which included drafting budget plans, executing budget realization, and preparing financial reports. My main duties involved preparing RKAT and Non-RKAT budgets, disbursing funds, and ensuring transparency in every financial transaction. Additionally, I was assigned to serve as the financial steering committee for all upcoming programs.
