[linkedin.com/in/pieterjordan/](https://www.linkedin.com/in/pieterjordan/)

I am a student of Universitas Airlangga Nanotechnology Engineering program who has a strong interest in Sustainable Development Goals (SDGs) and social actions, especially in the health sector. In the future, I want to be an engineer who focuses on making nano-sized medical devices so that it can inspire the younger generation and open job opportunities for engineers who want to work in the world of health.

## Skills

---

Hard Skills: Microsoft Excel, Microsoft Word, Canva, Gaussview 6.0, Powershell, Origin.

Soft Skills: Cooperation, Leadership, Strong Work Ethic, Public Speaking, Self-Direction, High Will to Learn, Collaborative.
